GRANITE INDUSTRIES

Nov 1 - Nov 30, 2023

Full list of features:

36V 1400W Direct Drive Motor - One of the most powerful motors on the market. Direct drive is the best design for efficiency and long term durability.

36V Drive System - Offers improved battery life and incline performance.

Reinforced Transaxle - One of the strongest transaxles available for handling big loads day after day.

1,200 lb capacity - Built to handle the biggest loads, even up large grass hills.

Removable Battery Pack - The only power hand truck on the market with a quick change removeable battery pack. You'll always have power to get the job done.

36 Amp Hr LiFePO4 Batteries - Featuring the latest lithium technology for improved performance and expected life.

31" Frame - The Mega Herc offers the biggest frame to hold inflatables, tables, chairs and sandbags. Haul more in less trips.

Oversize Footplate - 31"W x 15.5"D footplate for hauling large loads with confidence

E-Ratchet and D Ring Mounts - Built into the frame are mounts for both E-Ratchet straps and D-Ring straps. This allows for maximum load security.

Looped Handle Design & Kick Plate - Pulling back a load has never been easier than with our handles and kickplate.

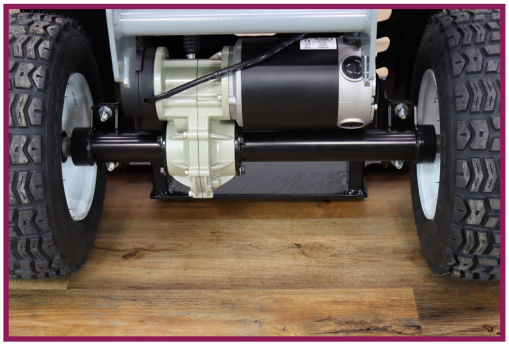

Kickstand - Improve safety and cart stability when standing with our kickstand

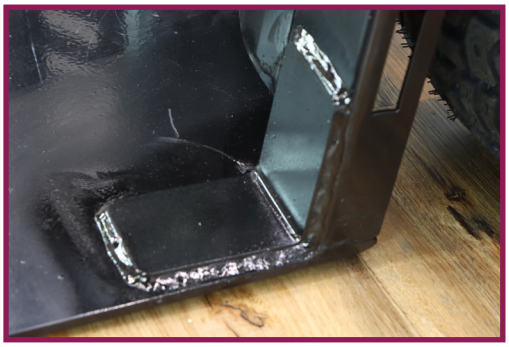

200A Controller - We offer one of the biggest and highest rated controllers to ensure that all the power makes it to wheels without anything getting overloaded.

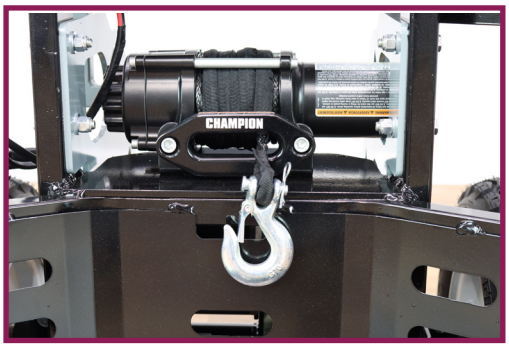

Off board smart charger - Designed to charge the batteries in three phases for optimal battery life and health. Off board makes it easy to charge a second battery pack if needed.

16" All Terrain Tires - Kenda Terra Trac Tires are designed for excellent all around performance.

Optional Winch - Our optional wireless Champion® 3,500 lb wireless winch features a 50 foot synthetic cable designed to work well with inflatables.

Expect more, get more.
