Granite Industries Announces New Ownership, Direct Scaffold Supply  
*The New Ownership Opens Up New Opportunities for Granite*

**Archbold, OH June 30, 2023** Granite Industries is pleased to announce that it is under the new ownership of Direct Scaffold Supply Company (DSS). DSS is a scaffolding, shoring, and forming provider based out of Houston, TX. Established in 1999, DSS quickly became an industry leader in North America and abroad. Direct Scaffold brings to Granite a wealth of knowledge in scaffolding and logistics.

Steve Wyse, who founded Granite in 1997, along with his son Matt, have made Granite into a successful company with a wide portfolio of innovative and durable products. DSS has always been close to the Wyse family due to friendships and partnerships over the years. When the opportunity came up to discuss being acquired by a larger company, DSS was at the top of the list.

The acquisition is one where both sides truly feel that the future is brighter together. Granite will be more equipped to provide scaffolding and related components for large scale jobs in the Midwest. Direct Scaffold benefits from Granite's strong domestic manufacturing capabilities and broad product line. Together DSS and Granite plan to expand production and further invest in growth markets.

DSS CEO Mike Doxey had this to say about the acquisition, "We are thrilled to join forces with Granite Industries. Granite's products and manufacturing expertise bring another set of product and service offerings to the company to help us realize our vision of providing the best quality and customer service experience in our industry. We have known the Wyse family for some time, and we consider it an honor and privilege to continue their legacy with Granite Industries. Our acquisitions of both Granite in Ohio and C&J Scaffolding in California have significantly expanded both our product offering and geographic footprint."

#### **About Granite Industries**

Granite Industries was founded in 1997 and has built its reputation on heavy duty, USA made products ranging from scaffolding to power carts. For more info: [www.graniteind.com](http://www.graniteind.com) | 877-447-2648.

#### **About DSS**

Founded in 1999, the DSS Companies have been providing Scaffolding, Shoring, Forming and OEM manufacturing services globally. DSS has grown to be a key provider to the North and South American construction industry, with a direct presence in the UK, Europe and Asia Pacific. DSS prides itself on a commitment to customer service, quality products, and the best possible value for its customers. For more information, visit [www.dss.net](http://www.dss.net).
